Healthy eating on a budget

Department of Nutrition and Dietetics

Information for patients

Top tips for eating on a budget

1. Plan your shopping and write a list before you go.

2. Try cheaper brands which are often good quality.

3. Check use by dates to make sure you will be able to use the food before it goes off.

4. Reduce leftovers - with careful planning you can make another meal out of what you usually throw away.

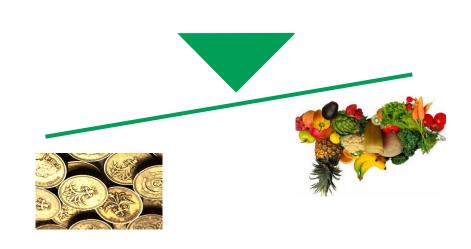

5. Make use of seasonal products.

6. Consider shopping around for the best price and try local markets or cheaper supermarkets such as Lidl or Aldi.

7. Make your own packed lunch to take to work/college etc. instead of buying lunch.

8. Drink tap water—its not full of sugar and its free!

Whether you are feeding a family or living alone, finance can seem like a barrier to healthy eating. However, eating healthily doesn't always have to be expensive. This booklet provides information and tips about how to eat well and spend less.

If you have any questions or concerns about the information that is given in this booklet please contact your Dietician:

Turkey chilli with rice

Serves 4

- 1 x428g pack quick cook turkey steaks, cut into pieces
- 1 onion, chopped
- ½ x 600g pack peppers, deseeded and chopped
- ½ x 400g pack mushrooms, quartered
- ½ tsp chilli powder
- 1 x 400g tin tomatoes
- 300g long grain rice
- 1 tablespoon vegetable oil
- 1 garlic clove, finely chopped
- ½ x chicken stock cube made up to 250ml
- 1. Heat the oil in a large frying pan and cook the turkey, onion, peppers and mushrooms over a medium heat for 1-2 minutes until golden.
- 2. Stir through the garlic and the chilli powder. Add the stock and the tomatoes, breaking up the tomatoes a little with the back of a spoon. Simmer for 5-10 minutes, until the sauce has thickened.
- 3. Meanwhile, cook the rice, according to pack instructions.
- 4. Divide the rice between 4 bowls and top with the chilli. Serve immediately.

Healthy eating

Eating healthily can help improve your health and general wellbeing. It can help you to control your weight and can reduce the risk of conditions including heart disease, stroke, certain cancers, diabetes and osteoporosis.

Eating healthily involves choosing a variety of foods in the right proportions. There are five food groups and "The eatwell plate" (above) shows how to balance them in order to eat healthily. Fruits and vegetables, and starchy carbohydrates should make up the largest part of your diet (about 1/3 each). Dairy products and protein sources e.g. meat should each make up just under 1/6 of your diet. Foods high in fat and sugar should make up the smallest remaining part.

Cheesy fish pie

Serves 4

- 800g potatoes, peeled & chopped
- 100ml half fat crème fraîche
- 500g broccoli, cut into small florets
- 200g frozen green beans
- J x 208 back cheese sauce mix
- 1 x 500g pack fish fillets, chopped into equal-sized chunks OR
- 1/3 x 28g pack parsley, washed & roughly chopped try tinned salmon
- minutes, until soft, then drain and mash with the half fat crème tatoes in a large saucepan of lightly salted water for 15-20 1. Preheat the oven to 200°C, fan 180°C, gas 6. Simmer the po-
- the frozen green beans for the last minute of cooking time. 2. Cook the broccoli florets in simmering water for 4 minutes. Add traiche.
- beans and add to the bowl. Pour over the cheese sauce and mix Place the fish fillets in a bowl. Drain the broccoli and green 3. Make up the instant cheese sauce following pack instructions.
- minutes until bubbling and golden on top. Spread over and use a fork to create uneven peaks. Bake for 30 4. Spoon the fish mixture into a 2-litre dish and top with the mash. mith the chopped parsley.

These foods can also be a good source of protein. at each meal. They should make up about one third of your plate. vitamins and minerals particularly iron. Choose one of these foods Many breakfast cereals are fortified and can be a valuable source of Starchy carbohydrates are good sources of slow release energy. Starchy foods

each meal is a good way to feel satisfied after a meal. filling but cheaper than meat so eating a starchy food source at higher in fibre (roughage) and B vitamins. Most starchy foods are Where possible choose wholemeal starchy foods as these are

 Buy dried foods such as pasta and rice in bulk as this will work Tips to make it cheaper:

- and store some loaves in the freezer to prevent them going off. If there is an offer on buying multiple loaves of bread buy in bulk onf cheaper per portion.
- rather than the more expensive Italian brands. cheaper than branded products. E.g. buy supermarket pasta Supermarket own brand products are often good quality and

Protein

energy levels, the immune system and tissue maintenance. Protein is an essential part of all living tissues. It is needed for

the size of a pack of cards, two eggs, or 100-150g fish which is pulses, lentils and eggs. One portion is 75-100g meat which is about alternatives - a day. Vegetarian alternatives include Quorn, tofu, You should aim to have two servings of protein - meat, fish or

Tomato and mozzarella chicken

Serves 4

- 1 onion, peeled & chopped
- 250g peppers
- 1 x 325g pack chicken thigh fillets
- 1 x 390g carton chopped tomatoes with basil
- 1 x 125g pack mozzarella
- 250g easy cook rice
- 400g frozen green beans
- 1/3 x 28g pack parsley
- 1. Preheat the oven to 180°C, fan 160°C, gas 4. Heat the olive oil and gently fry the onion with the peppers for 2-3 minutes to soften. Add the chicken thigh fillets and fry for 2 minutes on each side until golden.
- 2. Transfer to a 1.5-litre baking dish and pour over the carton of chopped tomatoes. Slice the mozzarella and scatter over the mixture. Bake in the oven for 25 minutes until bubbling and golden.
- 3. Cook the rice following pack instructions, and in a separate pan cook the frozen green beans in lightly boiling water for 3-4 minutes. Scatter the parsley over the chicken and serve with the green beans and rice.

approximately one fillet of salmon.

Current recommendations are to have fish twice a week, one portion of which should be oily fish for the beneficial omega-3 oils that they contain. This has been shown to protect against heart disease.

Tips to make it cheaper:

- Pulses and lentils are a cheap source of protein. Try using these to bulk up curries and stews.
- Canned fish such as sardines, pilchards, or salmon are cheaper than fresh fish and are a good source of omega-3.
- Try buying cheaper cuts of meat. For example chicken legs are cheaper than chicken breasts. Cheaper cuts of meat include shin of beef and oxtail. These meats can take a long time to cook. A pressure cooker will substantially reduce the cooking time

Fruit and vegetables

Fruit and vegetables contribute vitamins, minerals and fibre to your diet and are low in calories. Their intake is known to be linked to reduced rates of certain diseases, such as heart disease and some cancers.

Fruit and vegetables should make up about a third of the food in your diet. Aim to have at least five portions a day. One portion is about 80g e.g. a bowl of salad, three heaped tablespoons of cooked vegetables such as carrots or sweetcorn, 100ml of fruit juice, a large slice of melon, or one medium sized piece of fruit such as a banana, apple, orange or pear.

Serves 4

- lio qsf f •
- 1 garlic clove, finely chopped J onion, finely chopped
- I fin of chopped tomatoes
- 2 tbsp tomato purée
- A pinch of mixed dried herbs

topped with fresh herbs if liked.

- Black pepper to taste
- 500g uncooked pasta
- 1. Heat the oil in a saucepan or frying pan. Cook the onion on a

be a useful cuppoard standby.

Bangers & mash with onion gravy

Serves 4

- 8 frozen thick pork sausages
- · 950g potatoes, peeled and chopped
- · 2 onions, peeled and finely sliced
- 1 tbsp plain flour
- 400g frozen green beans
- ½ beef stock cube
- 100ml milk
- 1 knob of butter
- Black pepper to season
- 1. Grill the frozen sausages, following pack instructions.
- 2. Meanwhile, simmer the potatoes in water for 15-20 minutes, until soft, then drain and mash with the milk.
- 3. Fy the onions in the knob of butter over a medium heat for 5 minutes. Stir in the flour and 500ml stock, made using the beef stock cube, and simmer for a further 5 minutes.
- 4. Cook the frozen green beans in lightly boiling water for 3-4 minutes. Drain and serve immediately with the sausages, mash and onion gravy.

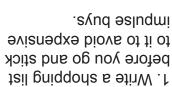

Sugars and fat-rich foods

Sugar and fat-rich foods are generally high in calories and not particularly good sources of vitamins and minerals. Many are highly processed and also contain significant amounts of salt. Sugar is also a key contributor to tooth decay. These foods can form part of a healthy diet if used occasionally in small amounts. Examples are crisps, chocolate, cakes, pastry based snacks and other confectionery.

Tips to make it cheaper:

 Try to buy foods from other food groups first then use any left over money from your budget for treats.

Shopping tips

to buy extras. so you won't be tempted crisps and biscuit aisles 2. Avoid the sweets,

taste. They are usually to see if you still like the 3.Try a cheaper brand

pasta, herbs and pepper. peas. Raise the heat to maximum. Bring to the boil and add the 2. Add the tin of tomatoes, water, tomato purée, beans and frozen

cooked, stirring frequently to make sure the pasta doesn't stick. 3. Lower the heat and simmer for 15 minutes or until the pasta is

Recipes

The following recipes are all healthy meals that won't be expensive to make. Some of the them feature in the meal plan in this booklet.

Try working them into your weekly cooking repertoire to save money and keep healthy.

Plan your shopping

Try writing down your meals for a week (if you shop weekly) then make a list of all the ingredients you will need. This way you can avoid buying extra foods you don't need, and you can plan meals to use up your ingredients. Some of the recipes for the meals in the plan are in this booklet.
