# Listening Event

Thursday 8th October 2.30pm to 4pm

Join us for our first virtual **Listening Event** about the **Outpatient Services** experience for cancer patients since the changes due to **COVID 19**.

The Head of the Cancer Directorate **Dr Muireann Kelleher** will join us to give an **overview of cancer services and about the new way of working in Virtual Outpatients**.

The COVID-19 restrictions have meant that all Outpatient appointments have had to change to telephone calls and online calls with only personal visits if essential.

**Jennifer Wainman**, Voice Core Group member and a cancer patient at St George's will then talk about the **recent outpatient experiences of several cancer patients**.

## Share your experiences and views & help us improve

As is usual at our Listening Events, **you will have the opportunity to raise any issues and express your views** and if there is anything in particular that you would like discussed or an experience you would like to share, please email us in advance.
