🚗 Taxis and private hire

Taxis and private hire vehicles offer a fantastic door-to-door service available at your convenience, all year round. For your safety, taxis and private hire operators must be licensed to operate legally.

Always ensure you use a licensed taxi or private hire operator. Illegal touts are often uninsured, with their vehicles in poor working order and potentially dangerous.

As a service to patients, the hospital contracts two local taxi operators. You can contact them using the free phone links in the hospital main entrance in the Grosvenor Wing.

For further information or to check a licence, please call 020 7222 1234 or visit www.tfl.gov.uk/pco
